

HAIR EXTENSION COURSE

Course Overview

In this comprehensive 3-day course, students will delve into the world of hair extensions. They will learn about different extension types and materials, including keratin tip, y-tip, tape-ins, micro-ring, tinsils nano-ring, clip-on and fusion methods. Through hands-on practice, students will develop the skills to apply extensions with precision and blend them seamlessly with natural hair. They will also gain expertise in extension maintenance, proper care, and safe removal techniques. The course covers client consultation, pricing, marketing, and client communication for offering extension services. Educate clients on post-extension care and home maintenance routines.
